

## **Missionary report October, 12 to 26, 2018.**

Missionaries: Jose Francisco Calix Diaz. And Rafael Blackhouse.

Places where we are working:

Puerto Lempira. Lisagny Pura, and the new place call Baykan.

First I want to said that I am so thankful with our Lord Jesus Christ for His Mercy and Grace That He has for us, To allowed us to work for his Kingdom.

To me it's a great privilege to be part of the workers of the Lord Jesus. And to be connected with so special people Like Pastor Christ Maritz and the flock that God has put under his ministry to feed them with the Revial Word of the Hour, this glorious mesaage.

I want to thank you all, for the Great support you has been able to give to the missionary work in the Jungle of Honduras, because I am here in honduras and I am willing to do the work, but this work it's not possible to do it with out prayer warriors and financial support.

I do not take this great healp as a common healp, to me this healp, it's a blessing from heaven through you as a group of believer of this great message.

We are here praying that God increase your financial income and the desire to continue supporting this work of God, (LOOKING FOR THE LAST ELECTED ONE)

I can see that everything it's point to the coming of the Lord, I can feel it, because the devil it's pulling everything he has in hell, to put it in the way to hinder the work of the Lord.

We are working against, Religion, witchcraft, customs of the tribes, and financial needs. But with the healp of the Lord, if we remain working together, we can accomplish the task that God has call us to do.

Coming up next, my missionary report.
